

Adobe Acrobat 8

Chapter 1: Introducing Adobe Acrobat

- About Adobe PDF
- About Adobe Acrobat
- Adobe PDF on the web
- Getting Started with Adobe Acrobat window
- A first look at the work area
- Viewing PDF presentations in Full Screen mode
- Designing documents for online viewing
- Using Organizer
- Getting help

Chapter 2: Looking at the Work Area

- Opening a PDF file in the work area
- Working with Acrobat task buttons
- Working with the navigation pane

Chapter 3: Creating Adobe PDF Files

- About creating Adobe PDF files
- Using the Create PDF command
- Converting and combining different types of files
- Using the Print command to create Adobe PDF files
- About the Adobe PDF Settings (presets)
- Comparing the default Adobe PDF Settings
- Reducing file size
- About compression and resampling
- Exploring on your own: Dragging and dropping files
- Exploring on your own: Creating Adobe PDF from the context menu (Windows)
- Exploring on your own: Creating Adobe PDF from clipboard images

Chapter 4w: Creating Adobe PDF from Microsoft Office Files (Windows)

- About PDFMaker
- About Acrobat Connect
- Converting Microsoft Word files to Adobe PDF
- Converting and emailing PowerPoint presentations
- Converting Excel documents and starting a review
- Converting and attaching files in Microsoft Outlook
- Converting web pages from Internet Explorer
- Exploring on your own: Exporting tables from PDF files
- Exploring on your own: Converting and combining multiple Office files

Chapter 5: Combining Files in PDF Packages

- About PDF packages
- Collecting PDF files in a package
- Navigating your PDF package
- Making changes to PDF packages
- Sorting PDF files in PDF packages
- Searching PDF packages
- Printing PDF packages

Chapter 6: Creating Adobe PDF from Web Pages

- Converting web pages to Adobe PDF
- Connecting to the web
- Setting options for converting web pages
- Creating Adobe PDF files from web pages
- Updating converted web pages
- Converting web pages in Internet Explorer (Windows)

Chapter 7: Converting Email Files to Adobe PDF (Windows)

- Converting email messages to Adobe PDF
- Sorting converted emails
- Adding email messages to PDF Packages
- Printing emails
- Migrating PDF archives to PDF packages (Outlook)
- Setting up automatic archiving in Outlook

Chapter 8: Working with PDF Files

- Changing the opening view
- About the onscreen display
- Reading PDF documents
- Following links
- Searching PDF documents
- Printing PDF documents
- Filling out PDF forms
- Comparing documents
- Using the Acrobat accessibility features

Chapter 9: Editing PDF Documents

- Opening and examining the work file
- Moving pages with page thumbnails
- Editing Adobe PDF pages
- Editing links
- Inserting one PDF file into another PDF file
- Looking at bookmarks
- Deleting a page
- Renumbering pages
- Setting an opening view

Chapter 10: More About Editing

- About this lesson
- Viewing the work file
- Looking at articles
- Editing text
- Copying text and images from a PDF file
- Editing images using the TouchUp Object tool
- Converting PDF pages to image format files
- Reducing the file size
- Exploring on your own: Optimizing for page-at-a-time downloading

Chapter 11: Using Acrobat in a Review Cycle

- About the review process
- Opening the work file
- Working with comments
- Exporting and importing comments
- Marking up documents
- Summarizing comments
- Comparing two Adobe PDF documents
- Spell checking comments
- Printing documents with comments
- Inviting users of Adobe Reader to participate in reviews
- Exploring on your own: Setting up email-based reviews
- Exploring on your own: Custom stamps

Chapter 12: Adding Signatures and Security

- About digital signatures
- Creating digital signatures
- Adding images to your digital signatures
- Selecting a signing method
- Opening the work file
- Creating digital IDs
- Signing the advertisement
- Modifying signed documents
- About security
- Looking at security settings
- Adding security to PDF files
- Adding passwords
- Opening password-protected files
- Certifying PDF files
- Signing certified documents
- Exploring on your own: Using security envelopes

Chapter 13: Creating Multimedia Presentations

- Adding interactive animations
- Adding Show/Hide fields
- Controlling movie clips with buttons
- Adding navigational buttons
- Adding sound files and adding multiple actions to one button
- Creating page actions to control multimedia clips
- Opening movie clips in floating windows
- Creating full screen presentations with transitions

Chapter 14: Using the Engineering and Technical Features

- Merging documents
- Using the Pan & Zoom tool
- Working with layers
- Using measuring tools
- Using the Loupe tool
- Exporting measurements to spreadsheets
- Using the Cloud Annotation tool
- Preparing engineering documents for distribution
- Permanently removing text from PDF documents

Chapter 15: Using the Legal Features

- About Bates numbering and redaction
- Applying Bates numbering
- Defining Bates numbering
- Finding Bates numbered PDF documents
- Editing Bates numbering
- Applying redaction
- Setting the Redaction tool properties
- Searching text for redaction
- Creating PDF packages
- Applying security

Chapter 16: Working with Forms in Acrobat

- Converting paper forms to interactive PDF forms
- Adding text fields
- Adding check boxes and buttons
- Distributing forms
- Tracking and managing forms
- Exploring on your own: Calculating and validating numeric fields

Chapter 17: Creating Forms with Adobe LiveCycle Designer (Windows)

- About Adobe LiveCycle Designer
- Looking at the work area
- Building new forms
- Adding text to a form
- Adding graphics to forms
- Adding text banners
- Grouping objects
- Adding content form fields
- Adding radio buttons
- Duplicating objects
- Adding check boxes
- Using Custom Library items
- Adding shapes
- Adding drop-down lists
- Adding the current date
- Previewing and exporting forms
- Distributing forms
- Exploring on your own: Exploring Adobe LiveCycle Designer

Chapter 18: Using Acrobat in Professional Publishing

- Creating PDF files for print and prepress
- Preflighting files
- Creating custom preflight profiles
- Printing and layers
- Previewing your print job
- Working with transparency
- Advanced printing controls
- Setting up color management
- Exploring on your own: The Acrobat prepress features

Chapter 19: Making Documents Accessible and Flexible

- About this lesson
- About flexibility
- About accessibility
- About structure
- Looking at accessible documents
- Making files flexible and accessible
- Viewing the results of adding tags
